

MOONEN

For Immediate Release

MOONEN BROKERAGE FEATURES 52-FOOT *TROJAN*

Classic Moonen yacht to be shown at HISWA In-Water Show

Trojan can be visited during the HISWA In-Water Show, berth B07

's-Hertogenbosch, The Netherlands: Moonen Shipyards' new Brokerage Department celebrates its first anniversary by exhibiting a true classic Moonen “yacht with experience” at the HISWA In-Water Boat Show in IJmuiden in early September.

The Moonen 52 *Trojan* (ex-*Fifty Six* launched 1988), is a fine, seakindly transom-stern, trawler-type yacht with a steel hull and alloy superstructure. Designed by the Moonen in-house team, she is a fully equipped, well-maintained “little ship” and has her original Ford-Lehman Super 6 diesel engines rated at 135 hp each.

BROKERAGE

Trojan accommodates four persons in two cabins, but is easily handled by a couple alone, without professional crew. She was thoroughly refit by Moonen in winter 2006/2007, and has been immaculately maintained since. At the IJmuiden show, which runs 2-7 September 2008, *Trojan* will be in berth B07. *Trojan* is available for immediate delivery.
